Resort / Coast / Beaches

Cala Mandia is a quiet low-rise resort with a few Bars and Restaurants. There are two Hotels with different evening programmes just a stroll away. Overall, it is a good base if you want somewhere away from the hustle and bustle but with all the facilities, and would like to use it as a central starting point for island excursions.

There are three sandy beaches. All are beautiful and very safe for children. Cala Mandia has been awarded the blue flag for water quality. There are also boat trips along the local coastline. You can take a 2 hour round trip to Porto Cristo. The boat stops half way and lets the passengers have a dip in the sea. A real treat. Recommended are also trips to Son Amar and Marineland.

Further details

Hop on the tourist train (stops 100m from the apartment), this will take you in to Porto Cristo, which has lots of nice shops to look around. From Porto Cristo you can get a bus to almost anywhere on the Island. The tourist train cost 3 €. If you choose to get a taxi to and from Porto Cristo it will cost around 10 €.

There is a British pub called Molly Browns where you can get all your British grub, pool tables, bingo, quizzes and there are all the beers that you would find in a British Pub. The food there is good, the atmosphere is very friendly. Kevin, the owner, is a great guy and always flexible to ensure that you enjoy your visit. Happy hour is from 19:00 to 21:00

Cala Mandia also has numerous tennis courts and there is a Scuba Diving school at the beach.

A car is not essential but it is the best way to explore this beautiful exotic island.
